Minimalist Window - Guillotine | Vitrocsa

Countryside Villa / MIDE architetti

Text description provided by the architects. Remodelling an old ground floor flat with the request, almost impossible to fulfil, to increase its surface, becomes a perfect excuse for us to propose both a horizontal and a vertical redistribution of the place.

MORE RENOVATION

Triplex Apartment in Prague / Lenka Míková & Markéta Bromová

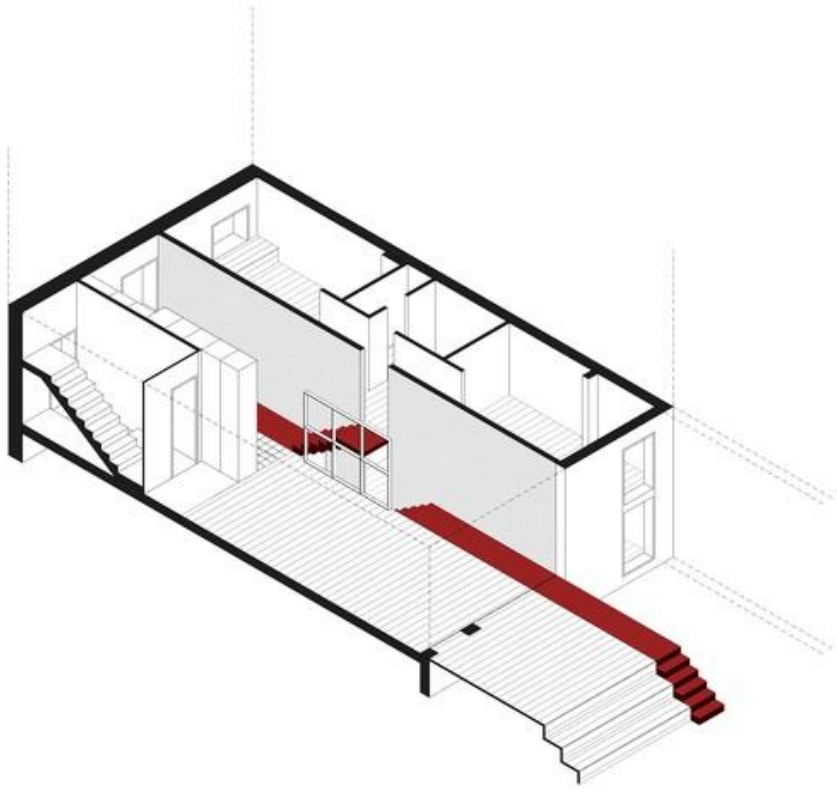

La Casa di Andrea / studio duearchitetti

Lo Contador House / GNP Arquitectos

[More Renovation »](#)

Considering the difference of height that existed between the interior surface and its prolonged back garden and having quite a big free fall, we decided to lower the level of one part of the floor in order to insert an intermediate platform. At the same time, this intervention connects one part of the house with the level of the garden and lifts the other one over the inside and the outside domestic landscape.
